### *2005 Tulloch Julia Semillon, Hunter Valley, A\$28*

This superb semillon, from an outstanding semillon vintage, is a new reserve bottling from Tulloch, a reborn family brand kicking a lot of goals lately. The aromas are lemon essence-like, and it's tangy and vital in the mouth as well as on the nose. It's fresh, racy and thrills the tastebuds but is smooth as well – a far cry from the “battery acid” Hunter semillons of yore. It drinks beautifully now with fish but should age superbly – for seven or eight years at least, if well cellared. The screwcap will help it age gracefully. HH
